VOLUME XI. RICHMOND, MADISON COUNTY, KENTUCKY, WEDNESDAY, SEPTEMBER 15, 1897. NUMBER 15.

WARNING.

We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made Simmons Liver Regulator, or anything called Simmons Liver Regulator, but J. H. Zeilin & Co., and no medicine made by anyone else is the same. We alone can put it up and we cannot be responsible, if other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been imposed upon and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague Bilious Fever, Constipation, Headache, Dyspepsia, and all disorders arising from a Diseased Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z on wrapper, and by our name, is the only medicine called Simmons Liver Regulator.

STATE DEMOCRATIC COMMITTEE.

The Democratic State Committee met Thursday at Lexington, Maj. P. P. Johnston, chairman, presiding. The entire committee was present either in person or by proxy, except Mr. Jas. Garnett, First District, and Dr. J. R. Looter Eleventh District. State Senator Wm. Goebel, member at large, was also present.

The main purpose of the meeting was to perfect arrangements for conducting the ensuing campaign, and it was decided not to name a campaign steering committee, but to leave the whole management of the fight in the hands of the chairman of the State Central Committee, Maj. P. P. Johnson, together with Senator Goebel, Chairman of the Executive Committee, and such other persons as they might select; and that Maj. Johnston have full control of the contest, and also have the power to select headquarters and appoint a secretary.

Maj. Johnson's powers were still further amplified so as to authorize him to decide all questions in the event of a deadlock, or any dispute in senatorial, legislative or city committees.

A resolution was passed granting cities of the fourth and fifth classes separate committees from the county.

The work of the committee was strictly routine and everything went through without any notable incident.

Hon. Henry L. Martin has notified the voters of his senatorial district that he will not allow his name to go under the republican device on the ballot. Now let Mr. Martain withdraw and give a clear track to the democratic nominee and all will be forgiven.—Stanford Journal.

LANCASTER, THE HOME OF SOLDIERS, STATESMEN, BARDS AND—WILL OWSLEY.

In her department of the Lexington Argonaut Mrs. E. D. Potts, speaking of her recent visit to Lancaster, says.

I have roamed—no, steamed over the hills of my childhood; shaken the hands of a hundred or more of "mine own familiar friends;" dined at hospitable boards where several generations swelled the circle. "Green Pastures and Piccadilly" have clamored with equal importunity for a greeting. The scenes of my childhood have not all made their conge with the deep-tangled wildwood, but it is none the less true that mutation is written thereon. The old homestead, now a flourishing college, bristled with memories from turret to foundation, and was potent to express, "Oh, would I were a girl again."

Lancaster was the birthplace and home of many distinguished men, and was originally chosen as the site of Centre College, the difference of a single vote deciding in favor of Danville. The little hillside city was situated so as to draw patronage from the bluegrass and from the mountains.

Years ago among the 90's of the 18th century Henry Clay passed through on horseback from Virginia and stopped at the "Wallace X roads" to take a cornbread luncheon with the pioneers who were making the clearing for the first log courthouse. The illustrious commoner paid two other visits to the town. one of them in 1839, when he was present at the wedding of the writer's parents.

Governors Garrard, Owsley, Letcher and Bradley hailed from Lancaster. Also the Hon. William Bridges, Chief Justice George Robertson, General Wm. Jennings of the Revolutionary War, Col. Wm. Jennings of 1812, Captain Wm. Jennings of the Mexican and Civil Wars; members of the McKee family, and other statesmen and soldiers prominent in the archives of the little city. Territorial governors, foreign ministers and consuls teachers, inventors and men of parts, swell the list. Commercially Lancaster is an unimportant village, beautiful only for its suburbs and surrounding country. Historically she has a noble record."

Gov. Bradley has received numerous protests from people in the neighborhood of Russellsville, against allowing the Cherokee indians to enter Kentucky bearing arms, on a visit to the grave of their dead Chief. The letters claim that the Cherokees are wholly untrustworthy and as they propose to march through the country, will commit many depredations. Gov. Bradley doubts his authority to interfere with the peaceful entry of such a body from another State.

HERD OF HOGS FOUND IN A CAVE.

The Harrodsburg Sayings prints the following account of a cave explored last week near that city:

"For many a year it has been a well demonstrated fact that most of the town of Harrodsburg is built over a cavern. There is another cave Northeast of town that has been explored two or three miles. A third cavern has just been discovered and some strange facts are connected with it. Thursday County Surveyor Hendren accompanied by Messrs. Edward C. Jones, William and Dan Conder, Joe Woods, Stewart Latta and William Jones by means of a ladder, went down twenty feet and found the real mouth of the cave, elliptical in form, two feet by three. The top of the sink hole is also elliptical, ten feet by twenty, and the hole grows gradually smaller. Through the aperture of two feet by three they all crawled on their hands and knees. They had thus to crawl for fifty yards before they could stand erect. There a beautiful sight met their eyes. Symcrically formed stalactites and stalagmites gracefully adorned both the roof and floor of the cave.

"They found no gold nor silver., but indications of a magnetic needle. Mr. Hendren brought out a human skeleton that is far above the medium in height. They also found a great number of the bones of hogs And the strangest of their find was a herd of live swine. When asked how many there were he said that from the noise they made there were hundreds, and that they fed on crawfish found in the stream of water that flows through the cave. He thinks years ago a sow must have fallen into the sink hole and worked her way into the cave, whence there is no getting out. This cave is four miles due North of here, on the Warwick road, on the farm of Mr. Ed. C. Jones. It extends in a Southern direction for several miles."

RELIGIOUS.

Elder E. L. Powell, pastor of the First Christian church of Louisville, Ky., will be called to the pastorate of the Seventh-street Christian church of Richmond, Va. It is one of the wealthiest and most influential churches in the State.

The Jessamine Journal says the late Isaac P. Shelby in his will gave to the Elkhorn Baptist Association to be used in building a memorial chapel, $2,000 and 10 acres of land near the Richmond and Jacks Creek pike. It is thought the Association will not, under the restrictions imposed by the will, accept the legacy and the property will remain a part of the Shelby estate. In case the Association does not accept the gift, Mr. Shelby's heirs have expressed a willingness that the $2 000 be given to East Hickman church, of which he was a lifelong member, for the purpose of building a memorial parsonage. The matter will doubtless be settled by the Association at its meeting next week.

The following news of the new pastor of the Second Presbyterion Church here, is copied from a Chattanooga paper: "Dr. J. P. MacMillin, the well-known and popular pastor of the Park Place Presbyterian Church, has definitely decided to leave this city about the last of the month and has accepted a call from a large congregation at Richmond, Ky., a city of about 6,000 inhabitants, twenty six miles from Lexington. Dr. MacMillin has done noble service at the Park Place Church during the four years he has been pastor, and is now very highly regarded all over the city. His daughter, Miss Anna MacMillin, will remain here for some time and continue her music studies, but another daughter, a gifted elocutionist and vocalist will accompany them to Kentucky."

GETTING TOGETHER.

The Louisville Post has this sensible and timely article:

Senator Henry L. Martin declines to go under the log cabin, thus emphasizing the fact that the distinction between democracy and republicanism is ineradicable.

In Boyd county, democrats prefer to fuse with democrats to fusing with republicans or populists. They ignore the money question, adopt no resolutions and nominate democrats regardless of their opinion of the Chicago platform.

This is said to be a surrender; who surrender? The truth it is not a surrender, it is reunion.

Democrats are ignoring their disagreements, making emphatic their points of agreement and getting together on the issues of to-day, not of yesterday.

This was what was done in Louisville amid the vehement denunciation from certain newsprpers who, now that it is done in Boyd, say it is a "surrender," and rejoice over it.

It is democratic harmony with a big H. It is promoted by good times, by higher prices for farm products and good prices for wheat, but the real cause is a desire in the hearts of democrats to get together for another contest with the common enemy.

Mr. Martain promotes it by refusing to go under the log cabin, just as democrats here promoted it by refusing to make up a fusion ticket with Mr. Todd.

No wonder the republicans are worried. Worry them some more, democrats.

George Grady's Wheat Deal.

Richmond people who are acquainted with Mr. Geo. Grady, of Versailles, know that he is a man of large body, fine manners and big brain. He has demonstrated his right to be called the Woodford Giant, since his heart is the largest part of his body, as evidenced by the following narrative from the Lexington Argonaut:

If there were more such men as George C. Graddy, of Woodford, the world would be happier and life more worth the living.

Some time ago Mr. Breck Boston, of that county, engaged 8,000 bushels of wheat to Mr. Graddy at 60 cents, believing that the cereal would not reach a higher figure. Shortly afterward wheat began to ascend the scale and Mr. Graddy anticipated a great increase, and, feeling that to the raiser and not the speculator belonged the profits, voluntarily surrendered his contract with Mr. Boston and told him to hold his wheat for the 90 cents or $1 raise.

Boston accepted the situation and is about $2,500 better off by the magnanimous treatment he received at the hands of his neighbor, while that neighbor is poorer by that amount.

The spirit of the old time, high-toned, lofty souled Kentucky gentleman cannot die as long as Mr. Graddy lives.

A Soft Snap For Madisonians.

The Madison county colony at Frankfort keeps growing in number and in influence. Hon. A. R. Burnam moves his family to Frankfort this week, as his duties as Judge of the Court of Appeals renders it inconvenient to reside here, however much he might prefer it.

Another item of local interest is contained in a Frankfort dispatch of August 31, as follows:

When Insurance Commissioner Comingore is appointed Internal Revenue Collector for the Sixth district, as he is almost sure to be before October 1, the auditor, who will haye the appointment of his successor as Insurance Commissioner, will have but little over two years to serve. The Republicans, who would naturally like this juicy plumb and the $3 000 a year which it is worth, seem to have taken it as a matter of course that the Auditor has already made a selection and not making application for the place. In this they are not mistaken. The Auditor, while refusing to discuss the matter, or to admit that he knows there will be a change, has already made up his mind about Mr. Comingore's successor. Unless he changes it, he will appoint his son, Will Stone, who is already one of the Auditor's most valued and efficient assistants, and who, depite his youth and short official experience, has already demonstrated that he is a capable and painstaking official, wherever he is placed. If for any reason the Auditor should change his mind, Assistant Auditor Frank H. Johnson will be made Insurance Commissioner, and the younger Stone will become Assistant Auditor. The latter contingency, however, is only possible, and not probable. The present intention of all concerned is that Mr. Stone is to be appointed Commissioner for the unexpired term as soon as Mr. Comingore is named for Collector.

Wallaceton Is All Right.

Wallceton can soon boast of as great facilitities for communication by telephone with the outside world as many other towns of much greater pretensions. The exchange at Berea has already been placed which gives connection with Richmond, Lexington, &c., while the line between Wallaceton and Paint Lick is now being constructed at a rapid rate.

PERSONAL.

The Paris Kentuckian says: "Mr. James McClure, of the Agricultural Bank, tells this one: "One of our depositors recently gave his wife a check for $10, the check being regularly filled and duly signed, except that it was made payable to 'sweetest of the sweet.' When the lady presented the check for payment I innocently inquired: 'Who is this sweetest of the sweet?' 'Why, it's me,' she replied. I told her to indorse the the check, which she did, and handed it back. But, Madam, I said. you must indorse it just as drawn, 'to the sweetest of the sweet.' She snatched up the pen and wrote the words beneath her name, and I paid the money. It is the most remarkable document in our possesion and will be framed and hung in the bank"

The man who aspires to the hand of a Kentucky belle must keep his wits about him. The handsome young women of our State demand chivalarous consideration in small as well as more important matters, as a young man who was engaged to one of them recently found to his cost. The young woman in question was about to leave Louisville for San Francisco, and the night before her departure her fiance paid her a farewell visit. The weather was threatening, and he equipped himself with a handsome new silk umbrella. In bidding his lady-love goodbye he forgot his umbrella. It had been arranged between them that he should call for a photograph of his betrothed after a certain date, when it would be sent home. In due time the young man called and asked for his umbrella, but forgot all about the photograph. The mother of the young woman wrote her daughter of the call, and that the umbrella, but not the photograph, had been demanded. As soon after this letter reached San Francisco as the express company could bring it the young man received his ring, with this message: "I return your ring, as I find I cannot successfully compete in your regard with an umbrella."—Paris Kentuckian.

Boy Wanted.

The Lancaster Record thus advertises for a boy: "If some energetic, honest boy about ten or twelve years of age, wants to learn a trade, and is willing to work, he can hear something to his interest by applying at the office, We want no time killer nor one who is too infernal lazy to draw a full breath. The boy who will put in honest hours, and not keep his cymbling head full of "girl," can do well by applying at once."

George Simpson was killed by a man named Jones in Clay county.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one or two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr Kilmer's Swamp-Root, the great kidney and bladder remedy, is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention the CLIMAX and send your address to Dr. Kilmer & Co., Binghamton, N. Y. GOV. MCCREARY will open the Democratic campaign in Owen county at Owenton. He has been invited to open the campaign in Fayette with a speech in the Opera House.

STATE prisoners in New York are going insane for the want of work. In Kentucky they are going about with pardons in their pockets, waiting for an opportunity to vote the Republican ticket.—Dispatch.

THE National Democrats of Lincoln county met Saturday and decided to issue an address in which they will state that National issues having been subordinated by the district and county conventions and good men nominated for the offices, they will give them a cordial support, though they repudiate the acts of the Frankfort convention.

MR. WALTON again closes the controversy with Henry Watterson, in this characteristic manner:

"Mr. Watterson closes the desultory cross firing that we have indulged in for a couple of months by magnanimously publishing our last article in full with no comment save that contained in these headlines: 'Democracy in Kentucky. The Situation and Duty As a Good Man Sees Them. But There are Others and Others Still. Let us Do Right.' This indicates to some extent that Mr. Watterson is like King Agrippa 'almost persuaded,' but like him also wants to wait for a 'more convenient season.' Well, au revoir, old friend; may God be with you till we meet again at Phillipi."

THE controversy between Messrs. Watterson and Walton may not have changed a hair's breadth the opinions of the friends of either gentleman, but has evidenced the fact that there is one editor of the country press who can induce the great editor of the C.-J. to unpack his old clothes and give them an airing. The Louisville Dispatch has been systematically ignored for obvious reasons, while the Interior-Journal is reaping the reward of its own intrepid daring, and its eminent respectability is attested by Mr. Watterson's repeated replies. If the loss of its subscription list fails to convince the Courier-Journal that the yeomanry of Kentucky will not unlearn the lessons taught by Watterson when he was an uncorrupted patriot, we have no hopes that he will ever make peace with the Democracy of Kentucky which he then loved but which he to-day despises. It is Waldorf plutocracy versus pure Democracy. A taste of the former has changed Watterson so that his celebrated lecture will hereafter bear the caption "Money, Not Morals."

THE WAY THEY SEEM TO AVOIDTH E CIVIL SERVICE.

The Republicans, in their haste to evade the Civil Service law covering the appointment of storekeepers and gaugers, and make room for some of the many hungry "pie hunters," have resorted to a scheme, which, while it is decidedly new, is, according to the allegation of the Democrats who are being fired, not legal. Republican Collector John W. Yerkes is sending all through the district the following letter to the Democratic gaugers and storekeepers, one of which has been received by Mr. B. F. Golden, of this city, and from which this copy is made:

RICHMOND, KY., Sept. 8, 1897.

B. F. Golden, S. and G., Richmond, Ky.:

SIR:—It appearing from the records of this office that there is a larger number of subordinate officers in commission in this district than the service requires, and it being deemed desirable that the force be reduced so as to subserve the best interests of the Government, and also the interests of the officers employed, I have recommended to the Hon. Commissioner of Internal Revenue a revocation of your commission in the Internal Revenue service. This revocation is recommended alone on the ground of a necessary reduction of the force in this collection district.

Respectfully,
JOHN W. YERKES, Collector.

The following is Mr. Golden's reply to the foregoing article:

RICHMOND, KY., Sept. 11, 1897.

Hon. John W. Yerkes, Collector of Internal Revenue, Richmond, Ky.:

DEAR SIR:—Yours of the 8th inst. notifying me that it appears from the records of your office that there is a much larger number of subordinate officers in commission in your district than the service requires, and that you deemed it desirable that the force be reduced so as to subserve the best interests of the Government, and also the interest of the officers employed, and that you had recommended the revocation of my commission, and that this was done alone on the ground of necessary reduction of the force in the collection district, was duly received. I was not aware until I received your communication that there was a much larger force of subordinate officers in commission in the district than the service required. Had this fact been known to me I would have exerted myself to have brought those subordinates together; and as it would be a matter of interest to us all to reduce the force to the necessities and convenience of the Government, we would have devised some plan for an equitable reduction, but that there were more subordinate officers in commission than the service required never entered my mind. On the contrary I had expected a larger force of such officers in demand by your department on account of returning prosperity and restored confidence.

I must speak the truth and say to you that I regret very much that you have recommended the revocation of my commission. I am very proud that my Government has recognized my ability and fitness to serve it in the humble capacity to which I was commissioned. I appreciate that document; I had hoped that I would be allowed to hold same undisturbed, and that my children might point to the document with pleasure and boast of the recognized ability of their father in the country in which he resided long after I had slept with my fathers.

You say that the recommendation is only on the grounds of necessary reduction.

Of course there is a great deal of consolation in that statement, and if that fact can be preserved it will be some compensation to those interested in me for the revocation of the commission that would be so highly esteemed by them.

If the revocation was recommended for political reasons or for incompetency I should ask you to withdraw the request and allow me to resign before the ignominious charges were known by the public.

I have no doubt but that the fact laid before the Commissioner of Internal Revenue will satisfy him of the overcharged official condition of your district and will therefore releve me of my official distinction of which official act I expect due notice in a few days. In the meantime consider me your humble servant and subordinate. Very respectfully,

B. F. GOLDEN.

ON Monday Judge A. R. Burnam and family removed to Frankfort. The CLIMAX does not hesitate to say that the removal of Mr. Burnam from our midst takes from us one of our best citizens. Politically speaking, we do not admire Mr. Burnam We did all in our power and exerted every honest endeavor to defeat him for Appellate Judge. We have felt the weight of his ability and earnestness of his opposition with possibly greater force than he has ours; but now that the battles are over with, for a time at least, and he is leaving, we naturally look back to associations non-partisan, and from that standpoint feel proud to send this testimonial to his new associates and neighbors.

In questions unpolitical, whether for the county or city. Mr. Burnam's counsel was always wise and safe, and for many years invariably sought. To the younger members of the bar he was always kind and courteous, and many can testify to his willing assistance and advice when requested of him.

As for Mrs. Burnam we cannot express the feelings of regret of our people at her departure. Kind and affectionate in disposition, all had learned to love her. Her church will miss her; the sick and afflicted will miss her; the homes where the death angel visits will miss her, for she was first at church, first to console the sick and suffering, first to visit the bereaved and cheer them when death darkened their homes. At times of rejoicing her bright smiles and pleasant conversation made her more than welcome. She will be missed by all. We regret the departure of them both and our best wishes follow them and their family to their new home.

The groom is one of the best known men about the city, was a popular police officer and has many friends. His wife is a most industrious, business-like lady and will make a kind good wife. May they live long and prosper.

MCKEE-MCKENNA.—Mr. Richard J. McKee, son of Owen McKee, of this city, was united in marriage yesterday in Lexington to Miss Rose McKenna, and they are now spending their honey-moon at the Nashville Centennial. The groom is one of the best men in the Revenue service, whilst his bride is a popular young lady of Lexington, as evidenced by the handsome presents given. The ceremony was performed at 8 a. m., with High Mass by Father Berry, assisted by Father Haley. The ushers were: John McKenna, Richard Garland, John McElroy, Lexington; Jos Schafhausen, Ed. Rice, Richmond, and W. L. Voorhies, Salvisa. Among those present were: Misses Lydia and Annie McKee, Jennie Mason, Josephine Schmidt, Mr. and Mrs. John Donelson, Mr. and Mrs. Wm Powers, Hume Embry, O. C. McWilliams, Captain John Feeny, David Powers, J. T. Jackson, of Madison county; Steve Walker, Garrard; J. J. Brooks, Cynthiana; Hugh Scott, Camp Nelson; Jno. Kenney, Nicholasville; James West, Danville; Rev. Donnely, Georgetown.

BIRTHS.

HERNDON.—On Saturday, Sept. 11, to the wife of H. M. Herndon, a daughter. The week before we heard its uncle, J. W. Herndon, offer $1,500 in cash for the Mason triplets. He can now get $500 worth of pleasure out of nursing his new niece, who is a beauty.

CHENAULT.—J. Stone Walker, Jr., is the name of the little heir born to Mr. and Mrs. T. D. Chenault, Jr., nee Miss Laura Moss Walker, on Tuesday, Sept. 7. The young parents have the best wishes of their many friends for the health of their little son.

DEATHS.

Boulware.—James Boulwaere, aged 78, a highly respected citizen of Kingston, died last Saturday evening from what was thought to be a wound received 13 years ago in a railway accident. Funeral services were conducted Sunday evening by Rev. Reynolds at the Mt Zion church, of which church he was a member.

LOCAL.

The Chrisman Sale.

The "Chrisman Place," on the Lancaster pike, 10 miles from Richmond, was sold on Saturday last by the executor, W. T. Tevis, at $75 50 per acre, and was knocked off to J. Stone Walker, though the real purchaser is known to be W. T. Tevis. This is one of the most desirable homes in the county, and Mr. Tevis, after making many improvements, will move to it and reside. The competition was very lively and spirited, there being a number of bidders and the price at which it was sold is considered good, though not high.

Miss Heath's Dramatic and Musical Recital.

Miss Nannie Heath's friends are all expectancy over her dramatic recital to be given at the court house on Thursday night. Admission 25 cents. Tickets at Stockton's and Middleton's drug stores. Miss Pattie will contribute three solos, while Miss Olivia Baldwin will be piano accompanist and render two solos. Miss Heath's program is rich and will certainly charm the audience. Among Miss Heaath's selections are, Queen Zenobia, The Message, A Sleeping Car Scene, Scene from Leah, and others. Everybody should go. Miss Heath is the foremost graduate of Boston Conservatory of Oratory.

Republican Convention.

The Republican convention of the 18th Judicial District met at Winchester last Thursday. Squire Sam Reed, of this county, was chosen chairman and E. E. Horine, o6 Jessamine county, was secretary. The delegates from all the counties were instructed for Hon John Bennett, of Richmond, but a telegram from him declining the nomination was received and the convention adjourned without making a nomination either for this office or for Commonwealth's Attorney. The matter was left in the hands of the Executive Committee to make nominations if deemed advisable.

A Remarkable Character.

Tom McKinn, who works in Potts & Duerson's mill, at Whites Station, is probably the most remarkable character in the county. He is about 35 years old and never rode on a train in his life, never saw one until he moved from Big Hill a few yesrs ago, never was in a court house, never was out of the county farther than Big Hill, and was in Richmond on show day for the first time in 14 years. McKinn says he was only noticed that day when commenting on some show bills, and if people will pay no more attention to a man than that who has not been to town for 14 years, he thinks it will be a cold day when he is seen there again. McKinn is a good citizen, a staunch Democrat, and a dear lover of moonshine liquor.

Killed by Gas.

Joseph Hume, aged 32 years, lost his life Thursday of last week in cleaning a well near Edenton. Hume went into the well alone and was overcome by the deadly poison. John M. Warren, who was near by went to the well and hearing the groans tried to rescue Hume but could not get him out. Hume was from Garrard county, son of Chas Hume. The remains were buried in Madison county Friday, and Saturday his widow and her four children went to the home of her sister, Mrs. James Hager, in Jessamine, says the Democrat. Her condition is distressing as she is left very poor. She was Serelda Agee, daughter of Albert Agee, of Madison county. She returned home Thursday with her children.

An Abscess

In the Stomach Caused Great Suffering—Was Confined to the Bed But Now Able to Work.

"In October, 1895, I had an abscess in my stomach. I was also taken with pleurisy and coughed very badly. I was treated by physicians but did not improve. I gave up all hope of ever getting well. My right side was swollen and I was not able to walk across the room and was confined to my bed. I was advised to try Hood's Sarsaparilla and began taking it. In three days I could see a change for the better. I kept on taking Hood's Sarsaparilla until I had taken four bottles and continued to improve. I am now able to do a good day's work on the farm." M. E. MANN, Demossville, Kentucky.

A Graduate of Central University.

About four months ago a young man located in Mt. Sterling to practice his profession as a physician, and by his modest and correct demeanor won the admiration of our people. When called to attend a patient he exhibited such knowledge and skill as to please his patients. Thus he has been going quietly along and is rapidly rising in his profession. We refer to Dr. W. T. Willis, who came here from Nicholasville, Ky. He comes of a highly respected and influential family. Dr. Willis graduated with honors at the Hospital College of Medicine, Louisville, and for a time was connected with the Jennie Casseday Infirmary. He is thoroughly equipped to meet the requirements of a physician and surgeon and as such we cheerfully commend him to our readers.—Mt. Sterling Sentinel Democrat.

More About Winchester's City Schools.

Last week the CLIMAX mentioned the fact that Winchester's Board of Education has decided to admit outside children to such rooms or classes as are not too crowded, at a uniform price of 10 cents per day. No parent can object to this price as it is probably as cheap schooling as is obtained by those living in the city when salaries of teachers, cost of buildings and other expenses are considered. This step was taken by the Board not for the purpose of making money, but of accommodating those on the outside at a fair price. Last year they were admitted at half this price, which did not pay expenses, and made schooling cheaper to those on the outside of the city than to those inside the city.

However, the Democrat thinks there should have been at least two prices charged this season; say ten cents for the lower and intermediate grades and fifteen or twenty for the higher grades, as it costs at least that much. For instance Prof. Shipp gets $100 per month, and his room last term had about ten pupils. This, it will be seen, cost far more than ten cents per day, and outsiders should at least pay cost price for what they obtain.

Silver Creek, Champions.

The fifth and deciding game of ball was won Saturday by Silver Creek in the presence of 200 people. Score Richmond 8, Silver Creek 11. The latter played a great up-hill game from the start, as their only catcher, Farris, had his thumb smashed in the first inning, but he never stopped. But for this Silver Creek would have been in gloriously defeated. Collins was batted hard. Arbuckle getting five hits, a total of ten bases, one being a home run. Vinegar Bill followed with eight bases. Bigger caught for Richmond and is strictly excellent. Harvey amused the crowd for eight hours. Mr. Hume Embry set 'em up to a bushel of luscious tomatoes, which were thoroughly apappreciated. The teams will ylay once more, on C. U. campus next Saturday, the proceeds to go to the Infirmary.

THE CHALLENGE.

Mr. W. S. Hume, captain of the Silver Creeks, is challenged to a game with my club on the C. U. campus on Saturday, Sept. 18; admission 25 cents, proceeds to go to Infirmary.

C. S. POWELH, M'g'r.

THE ACCEPTANCE.

Believing my team is the rightful champion, I accept your challenge.

Church Greatly Revived.

The protracted meeting at Bethlehem, conducted by Elders Lloyd and McGarvey closed Friday night. The meeting was highly profitable in every way and the church was greatly revived. It is a matter of regret to many that the meeting was closed sooner than intended, but illness in the family of Elder Lloyd at Richmond, necessitated this step. Twenty-four additions were made to the church as a result of the meeting.

How Free Pikes Are Viewed.

The trade from our borders is drifting away to Lancaster, Richmond, Lexington, Versailles and Harrodsburg. We are fenced in by toll gates. —Nicholasville Democrat.

It is said that by reason of free turnpikes ten thousand people went to Richmond one day recently to attend a circus. As the circus company which saved a healthy sum in the way of toll carried out of the county the bulk of the money taken in, which will never find its way back, the circumstance will hardly be claimed as one of the advantages coming from the free turnpike system—Georgetown Times.

A 25-inch Bean.

Mrs. Irvine T. Green sends us a specimen of beans grown in her garden, in this city, which is a lengthy wonder. It measures 25 inches in length—in other words is as long as a man's arm. There are 17 beans in the hull. It is called the snake bean. One is a mess.

For some years a bean with pods of great length has been grown in this vicinity as a matter of curosity, says the Mt Sterling Sentinel-Democrat which saw a patch of them in T. W. Parsons' garden and at his request Mr. Parsons gave him several of the pods which are now on exhibition at this office. Some of them are over 30 inches in length, and these were not the largest that grew in Mr. P.'s garden. In the absence of a name we have christened them the "Ethan Spike."

Says She is a Prodigy.

The Lexington Argonaut of September 5th, says: Lexington has had within her gates for the past two weeks an infant musical prodigy in the person of Miss Ollie Pigg, of Richmond, whose performances on the cornet are simply wonderful. Miss Ollie is only nine years old, but the way she plays a cornet turns many an older head green with envy. She has been taking lessons only four months, yet she plays the most difficult pieces with great ease. Several musical critics of this city have heard Miss Ollie play and they all say that she is a wonder and if she continues a bright future is in store for her.

An Argonaut reporter had the pleasure last night of listening to several selections played by Miss Pigg and was delighted. She is truly a remarkable child. An assemblage of friends gathered at the residence of Col. W. B. Wilkerson last night to hear her play and to bid her good-bye, as she with her sister, Miss Bertha, leaves for home to-day. She and her sister also play most beautifully on the piano.

DEBATE

Resolved, That the Hiles law should be strengthened and vigorously enforced.

Affirmative—J. B. Moores and E. P. Benton.

Negative—Jesse Cobb and P. H. Sullivan.

Closing Address . . . . J. E. Black.

Gold Versus Life.

Men are at present risking their lives for gold. There is a stampede of eager, willing martyrs to the inhospitiable country of the Klondike. Many will perish from cold and hunger. Not one quarter of the people who go there will ever return. Not one-half of those who do return will return any richer than they went. They will not only endanger their health, but their lives, for the sake of gold. And yet everybody says that health is more precious than gold. The thing which restores health is, therefore, more precious than gold. Pe-ru-na restores health, cures all forms of weakness, all forms and stages of catarrh, builds up brokendown constitutions, brings new life back to all those who have become prematurely old. The latest and best book ever written on the subject of female diseases will be sent free to women only, for a short time. Address the Pe-ru-na Drug Manufacturing Co., Columbus, Ohio.

Forest fiers are doing an immense amount of damage in Wyoming.

The old man who looks out at the world with clear and healthy eyes cannot help feeling great gratification at the thought that his children have inherited from him no weakness nor tendency to disease. The healthy old man is the man who has thoughout his life kept his digestion good and his blood pure. Not one in a thousand does do it. Germs go through the healthy body without effect. Let them once find lodgment or let them find a weak spot, they will develop by the million and the blood will be full of them. Instead of giving strength to the tissues, it will force upon them innutritious matter, and the man who will lose flesh and the more susceptible he is to disease. Dr. Pierce's Golden Medical Discovery is the only medicine that absolutely and infallibly cures all blood diseases, and almost all diseases are blood diseases. It isn't medicine for some one particular so-called disease. It is a medicine for the whole body. It forces out all of the germs of disease, and replaces impurities with rich, red blood. 1t

Don't bolt your food, it irritates your stomach. Choose digestible food and chew it. Indigestion is a dangerous sickness. Proper care prevents it. Shaker Digestive Cordial cures it. That is the long and short of indigestion. Now, the question is: Have you got indigestion? Yes, if you have pain or discomfort after eating, headache, dizziness, nausea, offensive breath, heartburn, langour, weakness, fever, jaundice, flatulence, loss of appetite, irritability, constipation, etc. Yes, you have indigestion. To cure it, take Shaker Digestive Cordial. The medicinal herbs and plants of which Shaker Digestive Cordial is composed, help to digest the food in your stomach; help to strengthen your stomach. When your stomach is strong, care will keep it so. Shaker Digestive Cordial is for sale by druggists, price 10 cents to $1.00 per bottle. 1t

Fair weather and continued high temperature are predicted.

The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becomming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and stength. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable "examinations" and "local treatments." He can persuade her, if she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for thirty years. It isn't an experiment, there are no chances about it. It is a certain cure for all darangements, weakness, irregularities and displacements of internal organs peculiar to women. sept-1-1m

Make the Most of Yourself.

It is the duty of every man to make the most of himself. Whatever his capacities may be, he is sure to find some place where he can be useful to himself and to others But he cannot reach his highest usefulness without good health and he cannot have good health without pure blood. The blood circulates to every organ and tissue and when it is pure, rich and healthy it carries health to the entire system, but if it is impure it scatters disease wherever it flows. Hood's Sarsaparilla is the one true blood purifier. It cures salt rheum, scrofula, catarrh, dyspepsia and rheumatism because these diseases have their origon in the blood

SAN FRANCISCO, Sept. 13.—Ex-Queen Liliuokalani, of Hawaii, arrived in this city from the east Friday night. She will be here for some time, and will not for the present define the purpose of her visit, which, it is presumed, she intends to make to Honolulu.

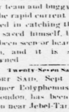
Banker Benham Must Die.

BATAVIA, N. Y., Sept. 13.—Howard C. Benham, the convicted wife murderer, was sentenced to be electrocuted during the week commencing November 1 at Auburn prison.



The Greeks were physically perfect and beautiful because they were healthy. The man who suffers from ill-health cannot be physically robust and manly. The woman who is sickly cannot be beautiful and womanly. Most all forms of ill-health have their inception in disorders of the digestion. When the digestion is bad the blood becomes impure, and is imperfectly supplied with the food-elements that build up new and healthy tissues, and tear down, and carry away those that are inert and half-dead. The nerves are not rebuilt from day to day with new, vigorous, active fibers. Every organ, tissue, muscle and nerve in the body is half famished for healthy nutriment. Almost any disease in the category of human ills may be the result of this condition. Most frequently it is the most deadly of disorders—consumption. Sometimes it is some other wasting disease. Again, it may be scrofula or some skin disease.

There is a sure preventive and remedy for these conditions and maladies. It is Dr. Pierce's Golden Medical Discovery. It corrects all disorders of the digestion. It restores the lost or failing appetite and invigorates the liver. It fills the arteries with the pure, rich, red blood of health. It builds new, firm flesh, healthy, active nerve fibers, and strong elastic muscles. It cures 98 per cent. of all cases of consumption, and wasting diseases. It cures nervous prostration. Druggists sell it.

The man who is too lazy or neglectful to take an occasional dose of medicine to ward off the evil effects of constipation deserves to die. And he will surely get his deserts, for constipation is the first cause of much sickness. Dr. Pierce's Pleasant Pellets cure constipation. They never gripe. One little "Pellet" is a gentle laxative, and two a mild cathartic. All good druggists sell them. No other pills are as good.

CAUFIELD OUSTED.

Hot Words Pass Between Hon. S. C. Malloy and Attorney General Taylor.

FRANKFORT, Ky., Sept. 10.—A sensation developed in the board of sinking fund commissioners Thursday afternoon while the case of C. I. Caufield, clerk of the Eddyville penitentiary, was being considered.

The matter of Caufield's removal has been before the board for two days. Thursday afternoon Caufield was ousted by the votes of Attorney General Taylor, Secretary of State Finley and Auditor Stone, with Gov. Bradley and Treasurer Long voting in the negative. There had been some lively sparring in the meeting and when the vote was finished, Hon. S. C. Malloy, attorney for Caufield, started it afresh by declaring that the proceedings by which Caufield had been removed were the most outrageous he had ever witnessed.

He was proceeding to talk excitedly in this strain when Attorney General Taylor interrupted him, saying that if the remarks were imputed to him their author was "an infamous liar." Other hot words passed and a fight seemed imminent till Gov. Bradley stepped in and called the belligerents to order. Warden Happy is understood to have instigated the fight against Caufield, and they also came near an altercation, the lie being passed between them. Caufield Thursday afternoon instituted suit in the Franklin circuit court claiming the salary for three months during which he has been deposed.

EX-TREASURER TATE.

An Insurance Company's Agent in Frankfort Hunting Evidence as to His Death.

FRANKFORT, Ky., Sept. 10.—J. C. Dodd, the Louisville lawyer, was here Thursday, and as counsel for the Mutual Benefit Co., of New Jersey, in the suits of the Tate heirs to collect the insurance held on the life of defaulting Treasurer James W. Tate, had copies made of petitions which have been presented to the present and former governors, asking a pardon for Tate. The defendants will rely on this as evidence to show that Tate's family and friends, at least up to a few weeks ago, believed him still alive.

The policy held in the Mutual Benefit was unlike the others, and provides that, should the policy mature after Tate's death the proceeds go to his family, but should he be still living it should be payable to himself. This policy matures next year.

Short Tobacco Crop.

LOUISVILLE, Ky., Sept. 10.—A plan is on foot for the consolidation of four of the largest tobacco warehouses in Louisville. They include the Eagle, Enterprise, Owen and the Green River warehouses. The consolidation is probably contemplated to reduce expenses, as, owing to the short tobacco crop, the number of warehouses in Louisville renders the business less profitable than in good years.

It is Thought by Many

when the Creator said to woman "in sorrow shalt thou bring forth children," that a curse was pronounced, but the joy felt by every Mother when she first presses to her heart her babe, proves the contrary.

Danger and suffering lurk in the pathway of the Expectant Mother, and should be avoided, that she may reach the hour when the hope of her heart is to be realized, in full vigor and strength.

"Mother's Friend"

so relaxes the system that the natural and necessary........change takes place without Nausea.........Headache, Nervous or Gloomy......Foreboding and at the trying hour makes Child-birth easy, as so many happy mothers have experienced. Nothing but "Mother's Friend" does this. Don't be deceived.

"Mother's Friend" is the greatest remedy ever put on the market, and all my customers praise it highly."—W. H. KING & Co., Whitewright, Tex.

BLOODY DUEL.

Beheaded Almost in His Own House While Fighting—Knives Used.

LOUISVILLE, Ky., Sept. 9.—A desperate, deadly duel occurred late Wednesday night in a two-story frame house on West Broadway, occupied by Wallace W. Higbee. R. L. Downs and Wallace W. Higbee, well known in labor union circles, became engaged in a quarrel, the result of an old grudge. Mrs. Higbee was sitting in the parlor of the residence. They adjourned to an upstairs room to fight it out. Higbee was armed with a razor and Downs had a pocket knife.

They first clinched and fought each other all over the room. Tables were knocked over and glasses and pictures broken. Finally the two men drew their weapons. Higbee almost cut Downs' clothes into threads, but in the scuffle his throat was cut from ear to ear. His head was almost severed from the body.

Downs was arrested as he was coolly washing the blood from his hands, standing by the side of his victim. Higbee leaves a wife and son. Downs is a single man.

CAUFIELD PROTESTS,

But It Seems Likely That the Penitentiary Clerk Will Be Again Removed.

FRANKFORT, Ky., Sept. 9.—The state sinking fund commissioners were in session Wednesday hearing the evidence against Clerk Caufield, of the Eddyville penitentiary, whom they are seeking to remove. Caufield was removed once by order of the commissioners, but the court decided the removal was not legal because he did not have notice. The commissioners have given him notice this time, and he is here with his attorneys fighting against removal as best he can. The evidence in the case is not all in, and a decision will be reached by the commissioners Thursday. It is believed Caufield will be again removed, though Gov. Bradley and Treasurer Long are expected to vote against it, unless Warden Happy is also removed.

A visitor at the farm where Buezetta, 2:06¼, and Early Bird, 2:10¼, were raised, would find Miss Ayres at the training track early in the morning directing the trainer what colts to drive and how much work to give them, as she watched their speed and condition with a critical eye.

AT LOUISVILLE.

The Labor Day Races Were Hotly Contested at Fountain Ferry Park.

LOUISVILLE, Ky., Sept. 7.—Labor day races at Fountain Ferry were a great success as the events were hotly contested and two amateur world's records went by the board.

The principal contest was a pursuit team race, preferential for five miles. The entries were made up of two teams—Seaton-Davisworth and Home-Dupree. It pleased the spectators wonderfully. Seaton and Davisworth gained steadily on their rivals, who started from the opposite side of the track, until at the end of four miles Seaton caught them at the tape. Time for the four miles, ten minutes.

Harry M. Sidwell, of Covington, Ky., lowered the amateur record for two-thirds of a mile flying start, paced by a quad. Time 1:10, against 1:14.

SONS OF VETERANS.

The Parade Friday, Headed by the Governor and His Staff.

INDIANAPOLIS, Ind., Sept. 11.—Although the selection of a commander-in-chief does not occur till Saturday, the Sons of Veterans spent much of their time Friday in electioneering for their favorite candidates for that office. The present commander-in-chief, J. L. Rake, has announced himself out of the race, and two other prospective candidates, Neely, of Washington, and Stillson, of Michigan, failed to appear at the encampment. Those who will make the contest are Darling, of Boston; Patten, of Wisconsin; Dilley, of Iowa, and Buckley, of Kentucky. The Kentucky band, of Louisville, stood outside the capitol Friday morning and played Kentucky airs for Candidate Buckley, and later it went to the top of the soldiers' monument and played. Darling's friends say the election of their man is assured and he is being introduced as the next commander-in-chief.

The next contest of importance is for the place of the next convention. Omaha speaks for it through Senator Thurston, who is making a strong effort to pull the '98 convention to the west. Senior Vice Commander Kennedy is working for the west, but thinks the proper place for it to be held is at Denver. The Ohio delegates are talking up the virtues of Cincinnati as an encampment city. WHITE-CAPPING

In Kentucky Reported to Be the Result of a Feud.

The trouble is said to be the outgrowth of the killing of Lafayette Powell by W. H. Moody at Big Hill a month ago.

Murray and the Clemonses were among Moody's principal witnesses, and it was upon their evidence that Moody was given a very light sentence. Threats were made against them at the time of the trial, and this rough treatment a few nights ago is said to have been at the hands of the Powell faction.
